IP BEST PRACTICES

The World Cafe

A best practice shared by Sabine Laute.

Generated on 22 November 2026

The World Cafe

A collaborative leadership intervention that enables teams to define behaviours driving cultural transformation, using the World Café method.

Key steps

Participants rotate through three discussion rounds, working together to develop leadership principles based on core values and desired behaviours. Each round builds on the input of the previous group to ensure alignment and shared ownership.

The process moves from ideation to refinement: initial brainstorming, enriching the slogans with short, actionable descriptions, and finally selecting and refining the top principles.

The outcome: clear, authentic Leadership Principles that guide everyday decisions, strengthen cultural alignment, and empower leaders to create a values-driven environment.
