IP BEST PRACTICES

What is your Role?

A best practice shared by Cornelia Schlatt.

Generated on 22 November 2026

What is your Role?

Helps team members gain clarity on their strengths and roles, fostering collaboration and alignment within the team.

Key steps

Each participant selects an image representing the role they aspire to play within the team, then shares their choice and answers key questions: Why did they choose this image? What 'superpower' do they bring? What do they need to thrive?

Through visualization and discussion, team members better understand their contributions, strengthening team cohesion and support.

Translate the insights on individual roles, strengths and needs into concrete team roles by reviewing fit, gaps and task distribution, engaging both the rational and emotional sides of the team.
