Inner DJ Round Table

Enables leaders to strengthen executive presence by finding, refining and amplifying their authentic leadership voice through a fast, immersive communication experience.

Key steps

Begin with a PechaKucha-style story round, where participants share their leadership journey in a focused, emotionally resonant format to build clarity and presence.

Explore individual communication styles in small groups, identifying what feels authentic, what resonates and what needs to evolve.

Practice and improve through rapid presentation loops — a short pitch, targeted peer feedback and a live reset — helping leaders develop a 'signature sound' that enhances clarity, confidence and impact.
